## SIMONETTE GAS PLANT

*Headquartered in Calgary with operations focused in Western Canada, **KEYERA** operates an integrated Canadian-based midstream business with extensive interconnected assets and depth of expertise in delivering midstream energy solutions.*

Our business consists of natural gas gathering and processing, natural gas liquids (NGLs) fractionation, transportation, storage and marketing, iso-octane production and sales and diluent logistic services for oil sands producers.

We are committed to conducting our business in a way that balances diverse stakeholder expectations and emphasizes the health and safety of our employees and the communities where we operate.

### Simonette Gas Plant

The Simonette gas plant is located approximately 92 kilometres southwest of the town of Valleyview, Alberta. The plant offers a full range of gas processing services including sour gas sweetening and acid gas disposal, NGL recovery and condensate stabilization. It receives its raw gas and raw liquids from an extensive network of pipelines that service key production areas/zones in Alberta.
