

GILBY GAS PLANT

Headquartered in Calgary with operations focused in Western Canada, KEYERA operates an integrated Canadian-based midstream business with extensive interconnected assets and depth of expertise in delivering midstream energy solutions.

Our business consists of natural gas gathering and processing, natural gas liquids (NGLs) fractionation, transportation, storage and marketing, iso-octane production and sales and diluent logistic services for oil sands producers.

We are committed to conducting our business in a way that balances diverse stakeholder expectations and emphasizes the health and safety of our employees and the communities where we operate.

Gilby Gas Plant

Located in central Alberta, 135 kilometres southwest of the city of Edmonton, the Gilby gas plant consists of gas sweetening plant, field compression and 83 kilometres of gas gathering pipelines. Plant facilities also include inlet separation, condensate stabilization, gas sweetening, NGL recovery and fractionation.

PROJECT HISTORY

1957	Constructed
1957-1980s	New gas sweetening process, storage tanks, inlet compression and a lean oil absorption facility
2006	Aurora gas gathering pipeline was completed

PRODUCT DELIVERIES

Sales gas	NGTL transportation system
Propane	Truck or rail
Condensate	Truck
Butane	Truck

Main: 403-746-4058

24-hour emergency: 403-843-7110
