

KEYERA

KEYERA CAREER OPPORTUNITY

Process Safety Specialist (Senior)

Calgary, AB

COMPETITION NO:	00277
POSTING EXPIRES ON:	May 17, 2019
REPORTING TO:	Manager, HSE
ROLE DURATION:	Permanent, Full-time

THE POSITION

As part of the Corporate Responsibility department the Process Safety Specialist, working closely with other teams within Corporate Responsibility, Engineering and Operations, will have responsibility for supporting Keyera's Process Safety and Technical Risk Management program including executing Process Hazard Analysis and other risk assessments and identification/mitigation initiatives.

RESPONSIBILITIES

- Lead risk assessments using appropriate, practical fit-for-purpose processes.
- Support delivery of Risk Management and Process Safety through Keyera's Operational Excellence Management System.
- Support development and implementation of corporate standards and procedures relating to process safety and risk.
- Support systems and processes to review, assess and communicate risk management effectiveness, and provide guidance on responses to action items identified.
- Lead/participate in the investigation of Process Safety Incidents.
- Support development and delivery of PSM/Risk training to improve understanding and adoption throughout the organization.
- Actively participate with Engineering on future facility projects, ensuring projects fall within Keyera's Process Safety Management guidelines.

ABOUT KEYERA

Keyera operates an integrated Canadian-based midstream business with extensive interconnected assets and depth of expertise in delivering midstream energy solutions.

We provide essential services to oil and gas producers in the Western Canada Sedimentary Basin including:

- Raw natural gas gathering and processing
- Natural gas liquids (NGL) fractionation, storage, transportation, logistics and marketing services
- Diluent logistics for oil sands customers
- Iso-octane production, logistics and marketing
