## KEYERA CAREER OPPORTUNITY

### TURNAROUND & OUTAGE COORDINATOR

Fort Saskatchewan Facility

COMPETITION NO:	0024312
POSTING EXPIRES ON:	February 1, 2019
REPORTING TO:	Maintenance Supervisor
ROLE DURATION:	Permanent, Full-time

#### THE POSITION

The Fort Saskatchewan Facility is seeking a **Turnaround and Outage Coordinator** to join the Maintenance team. This exciting role will be responsible for successfully executing yearly turnarounds and other coordinated outages as they occur at the facility or area.

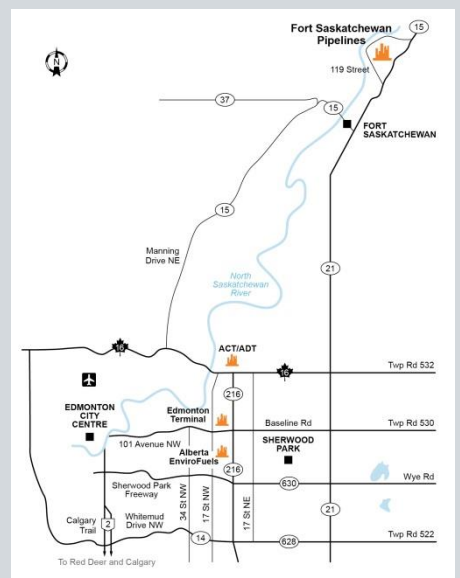

#### RESPONSIBILITIES

- Coordinate and Manage all aspects of the turnarounds for which you are responsible for including: execution, communication, HSE, organizational breakdown structure, scope, work package development, quality assurance, materials and services management, facilities security & logistics, schedule, cost management and close out.
- Establish and document “best practices” for turnaround planning and execution processes.
- Coordinate the execution of small outage opportunities as they occur.
- Provide support for Turnaround Coordinators at other facilities as required.

#### ABOUT THE FACILITY

Keyera’s Fort Saskatchewan facilities include an NGL processing plant, storage facilities and four pipelines connecting to the Edmonton Terminal. The NGL processing plant receives NGL feedstock from various sources and splits the NGL mix into saleable products. The storage facilities consist of underground storage caverns and surface storage that holds NGL mix feedstock and specification NGLs. The pipeline system transports NGL mix to the Fort Saskatchewan facilities and saleable specification NGLs from these facilities, as well as other NGL processing and storage facilities in the area, to the Edmonton Terminal for distribution to markets and export rail, truck and pipelines.
