## KEYERA CAREER OPPORTUNITY

### Manager, Operations

Alberta EnviroFuels (AEF)

COMPETITION NO:	0002430
POSTING EXPIRES ON:	January 18 2019
REPORTING TO:	KAEF Plant Director
ROLE DURATION:	Permanent, Full-time

### THE POSITION

Keyera is seeking an Operations Manager for our Alberta Envirofuels facility.

As a valuable member of the Alberta Envirofuels Management Team and reporting to the AEF Plant Director, you will be responsible for safe and reliable operation of the facility. This exciting role starts with ensuring that our people and facility are working safely each and every day. From there this role focuses on engaging employees and growing a strong team focused on excellence.

### RESPONSIBILITIES

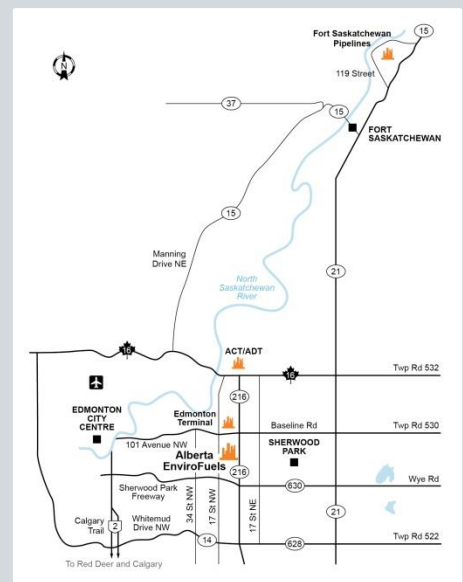

- Operate the Alberta Envirofuels facility in a safe, environmentally conscious, economical and efficient manner.
- Provide leadership to a large multi discipline operations team containing Plant Operators, Process Specialists, Training , Laboratory, Process Safety and Logistic roles supported by engineering roles within operations.
- Build on and develop best practices at the facility, but also challenge your team to be innovative.
- Support a culture of operational excellence and process safety.
- Develop and execute Annual Development Reviews with employees in operations.
- Support your team to ensure they have what they need to be successful.
- Provide your team with coaching/ mentoring and strive to ensure they are growing in their roles.
- Challenge the norms and taking action as needed to look for the best path forward for the operation.
- Ensure the smooth flow of communication between operations, and maintenance to support reliability.
- Manage the annual budget process for Operations.

### ABOUT THE FACILITY

Alberta EnviroFuels (AEF) is the largest iso-octane manufacturing facility in the world. Iso-octane is a high octane gasoline blending component.

The facility produces enough product to fuel approximately 45,000 vehicles per day. Product is sold to refineries for blending into their premium gasolines. Iso-octane is sold to customers in Western Canada and the United States.

# KEYERA CAREER OPPORTUNITY

## QUALIFICATIONS

The successful candidate will be well-organized, energetic, and service oriented with the following qualifications:

- 5 to 10 years' experience in a facility operations leadership role within the oil & gas industry. Petrochemical or downstream experience is considered an asset.
- A background in operations or engineering that is coupled with operational leadership in a production facility.
- Strong passion for people, safety and values that support our operations.
- Demonstrated leadership abilities that include mentoring/coaching and development of employees.
- Previous experience working with key stakeholders to achieve success in operations.
- Ability to strategize with leaders on short and long-term operational plans for the facility.
- Strong commitment to Health, Safety and the Environment.
- Self-starter who is able to work independently with a minimum of supervision.
- Strong team player with proven communication, problem solving and decision making skills.
- Highly organized, reliable individual with attention to detail.
- At the sole discretion of management, other combinations of directly relevant experience and educational credentials will be considered.
