

## 2013 Tax Information for Non-Canadian Residents

The following information is intended to assist holders of common shares of Keyera Corp. ("Keyera") who are non-residents of Canada for Canadian income tax purposes ("Non-Residents"). The information is provided for general informational purposes only and should not be construed to be legal or tax advice. Non-Residents are encouraged to seek advice from a qualified tax advisor in their country of residence to obtain guidance with respect to the appropriate tax treatment for dividends received from Keyera.

### Canadian Income Tax (Withholding Tax)

Dividends payable by Keyera to Non-Residents are generally subject to Canadian withholding tax at a rate of 25% unless the rate has been reduced pursuant to a tax treaty between Canada and the Non-Resident's jurisdiction of residence. For example, a holder resident in the U.S. who is entitled to claim the benefit of the Canada-United States Income Tax Convention will be entitled to have the rate of withholding reduced to 15%.

If a Non-Resident feels that he or she may be eligible to recover all or a portion of the tax withheld in Canada attributable to the dividends from Keyera, he or she should consult with his or her own personal tax advisor to obtain more information.

### United States Income Tax

Keyera is a corporation for U.S. tax purposes. As a result, any dividend made by Keyera should be treated as foreign-source dividend income under U.S. federal income tax principles. Keyera believes that a shareholder who is resident in the U.S. for tax purposes should report Keyera's dividends as fully subject to United States federal income tax. However, provided that applicable shareholder-level requirements are met, including satisfaction of the prescribed hold periods, Keyera believes that its dividends should be treated as "qualified dividends" and therefore should be eligible for taxation at reduced rates under U.S. federal income tax legislation.
